

Intersections: The LGBTI II Survey – Homelessness Analysis

In the eighth of our series of Intersections reports, deep-diving into the data from the European Fundamental Rights Agency (FRA) 2019 LGBTI Survey II, we have collaborated with FEANTSA, focusing on LGBTI people's experiences of homelessness.

Disaggregated data, which can look deeply into the lived experiences of marginalised people, is a key demand of LGBTI and other human rights groups. With this in mind, over the last year ILGA-Europe have been partnering with a variety of NGOs in the region to analyse the FRA 2019 LGBTI Survey II data and pull out experiences of those experiencing intersectional marginalisation. This work is based on analysis co-commissioned by ILGA-Europe and TGEU.

This briefing analyses the results of the FRA LGBTI Survey II and summarises the relevant data about experiences of homelessness among the LGBTI community.
