

# SOGIESC Health Mailing List

The purpose of this list is to discuss strategies, share relevant developments, materials and good practices, and to connect those working on issues around sexual orientation, gender identity, gender expression and sex characteristic (SOGIESC) in the context of healthprotection in Europe and Central Asia.

## WHO IS THIS LIST FOR?

Participation in this list is reserved for NGOs, legal specialists, practitioners, academics and scholars. State/government or political institution representatives, students, and journalists and other media representatives are currently not eligible.

If you joined this list as part of an eligible category and subsequently move to a position in an ineligible category, you are kindly asked to unsubscribe from the list.

## PLEASE BE AWARE THAT

- It may take some time for the list moderators to respond to your application.
- Applications to join this mailing list may be subject to vetting by existing members.
- Only email addresses with an individual owner can be accepted. General email addresses (e.g. info@...) and those disseminating to multiple recipients will not be considered.

[Please read here our membership policy.](#) All applicants and members of this mailing list will be considered to have read and be in agreement with these policies, and subject to the stated terms.

## JOINING THIS LIST

Please note that addition to the list is not immediate.
